Who I admire

Each person has **a person** **"someone" might be better** whom he admires. ~~In fact, it~~ is useful to look up to someone with good qualities or worthy deeds. **"In fact" is unnecessary. After all, the reader does not feel that you are not lying.** It could be a family member, a celebrity, a writer, etc. For me, I ~~really~~ admire and would very much like to look like the singer and dancer named Jung Jungkook. **I deleted "really" because we are more concise in writing.**

Jungkook is in a South Korean ~~an~~ group of 7 people that is known to every one around the world. **He is** **why not "he being"?** the main dancer and vocalist of the group. He has a very **beautiful** **what about charismatic?** voice, thanks to which his songs have gained immense popularity and became huge hits. This guy's dancing is also mesmerizing, ~~I have always admired his dance.~~ As for his personal qualities, ~~he~~ he is very hardworking; he can stay awake and rehearse dance or his songs in order to go on stage and sing or dance one hundred percent **to the satisfaction of the audience.** Jungkook was always very shy, but worked hard, auditioning for companies, never losing hope. He is also very sweet and kind, will always support his members and fans when they are sad and **cannot bear the** hard **life**. Loves to play sports, which is why he has a very beautiful, well-built figure. Moreover, Jungkook is **a** very handsome boy. Once he was ranked among the most handsome men ~~ea~~n in the world.

The most important thing that I admire and probably never stop listening **to** is the songs of his group and **of** Jungkook himself. They sing about youth, about self-love, about different problems that each person faces. These songs are very motivating, forcing me and other fans to move on, to understand that I can do everything, all I need is to start. I hope that one day I will be able to come to the concert and enjoy the atmosphere which I have always dreamed of.

The content is okay, well focused.

You began too many sentences with “He”. Unless you want to make an emphasis, avoid this practice.

Be more careful with your spelling.

Minor mistakes in grammar, but do not repeat them.
